The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

Conservation is the real solution to our Bay Delta
problem. Please implement which do not include more
canals, storage reservoirs, dredging or ~~water~~ water diversion.
Instead, stop making taxpayers foot so much of the
water bill for large corporate farms. I support a
solution that promotes water-saving programs on
our farms and in cities. The only sustainable way
to replenish the Bay Delta is to use less water.
